REALKINETIC

YOUR POTENTIAL REALIZED

```elm
type Msg = Increment | Decrement

-- This takes 2 arguments,
-- a Msg and a Model and then returns a Model
update : Msg -> Model -> Model
update msg model =
  case msg of
    Increment ->
      model + 1

    Decrement ->
      model - 1
```

REALKINETIC
YOUR POTENTIAL REALIZED

Let’s go through more to keep getting familiar with syntax
