REALKINETIC

YOUR POTENTIAL REALIZED

```
1 + log "number" 1  
-- equals 2, logs "number: 1"
```

```
length (log "start" [])  
-- equals 0, logs "start: []"
```

Notice that log is not a pure function! It should only be used for investigating bugs or performance problems.

```
1 + log "number" 1  
-- equals 2, logs "number: 1"
```

```
length (log "start" [])  
-- equals 0, logs "start: []"
```
