REALKINETIC

YOUR POTENTIAL REALIZED

```
update : Msg -> Model -> Model
```

```
update msg model =
```

```
  case msg of
```

```
    Increment ->
```

```
      model + 1
```

```
    Decrement ->
```

```
      model - 1
```

And it will even let you
know when you might
be overly strict

```
update : Msg -> Model -> Model
update msg model =
  case msg of
    Increment ->
      model + 1

    Decrement ->
      model - 1
```
